

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

Did you know that about 75% of all flowering plant species need the help of animals to move pollen from plant to plant for fertilization?

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

Did you know  
that about  
1,000 species of  
pollinators are  
vertebrates such  
as birds, bats and  
small mammals?

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

Did you know  
that in the U.S.,  
pollination  
produces nearly  
\$20 billion worth of  
products annually?

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

Did you know that an estimated one-third of all foods and beverages we consume are delivered by pollinators?

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

We can help pollinators by reducing or eliminating our pesticide use and increasing green spaces.

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

Did you know that more than 200,000 species of insects are beneficial pollinators, including flies, beetles, wasps, ants and moths?

# NATIONAL POLLINATOR WEEK

*at Duke Gardens*

We can help pollinators by creating pollinator-friendly habitats with native flowering plants.
